GIVE YOUR CHILD A HEAD START AND BOOST THEIR ACADEMIC PERFORMANCE !

It is never too early to start learning French! Research shows that the earlier the child starts learning a language, the easier it is for them to dive into another language and culture. That is why Alliance Française Accra applies its renowned expertise in offering children's classes for ages 3 and above.

The FLE Junior programme (French for Toddlers, Kids and Teens) stands as an alternative method for teaching French. Indeed, it offers young students a new fun, interactive and practical approach to learning French.

It is aimed at improving their writing skills as well as their oral communication skills, thereby encouraging spontaneous speech. This is done by involving students in activities such as games, music, theatre, art projects, etc. These activities, as well as lessons in the textbooks used, give them the opportunity to practice the French language they have learnt at school and or at Alliance Française, as well as discover the exciting French and Francophone culture.

Since a conducive and beautiful environment is important for learning, kids joining our program will love the specially designed classroom space.
