

English

FOR SPECIFIC PURPOSES

Improve your business English to maximize your career opportunities.

This course is ideal for those who wish to improve their English language skills in a specific area.

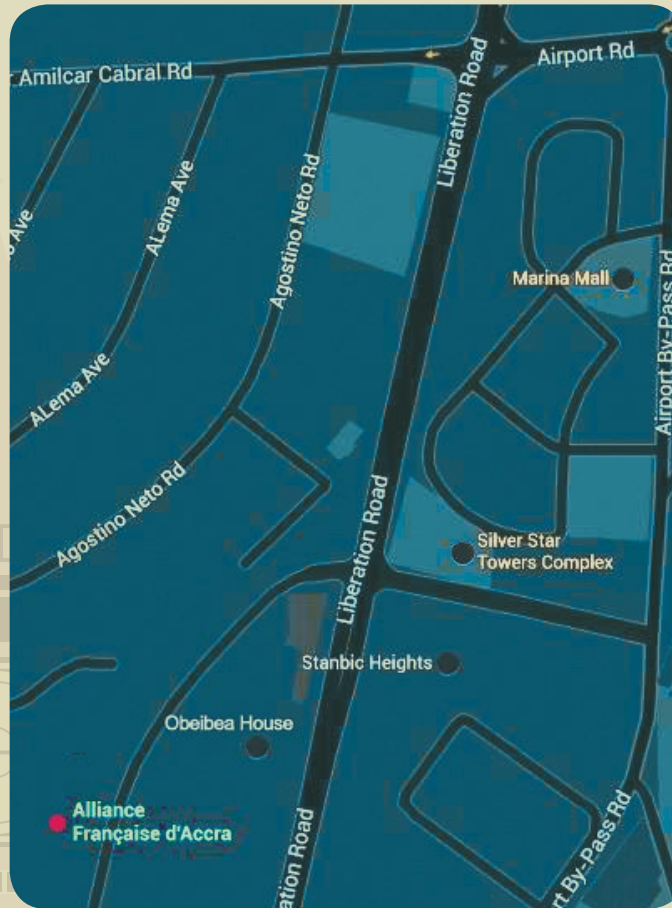

Our qualified, experienced and dedicated teachers design lessons to suit your learning needs and objectives. The lessons focus on professional communication skills, negotiating styles and techniques, presentation skills, social English and writing skills, but most importantly place great emphasis on the vocabulary and expressions needed to effectively communicate in your chosen area. **We offer small group classes and/or individually designed one-to-one lessons.**

Améliorer votre compétence de l'anglais professionnel afin de maximiser vos possibilités de carrière.

Ce cours est idéal pour ceux qui veulent améliorer leurs compétences linguistiques en anglais dans un domaine spécifique.

Nos professeurs qualifiés préparent les cours en fonction de vos besoins et objectifs d'apprentissage. Les cours se focalisent sur les compétences de communication professionnelle, les styles et les techniques de négociation, les compétences d'exposé, l'anglais social et les compétences de rédaction, l'accent sera mis sur le vocabulaire et les expressions nécessaires pour communiquer efficacement dans votre domaine choisi. Nous offrons des cours en petits groupes /ou des cours individuels.

Business English

PROGRAMME

The **Business English Course** is designed for adults and young adults with professional/non professional background who want to use the English language accurately and fluently in professional interactional settings or who seek to position themselves in readiness to undertake a professional course. The training focuses therefore on situational communication approach.

Le cours d'anglais professionnel est conçu pour les adultes et les jeunes adultes avec une expérience professionnelle ou non et qui souhaitent couramment parler en anglais.

La formation se focalise donc sur une approche de communication situationnelle

Target groups :

- Non Anglophone business community in Ghana and Accra/ Tema especially who for lack of a better course offer, are learning general English Language

- Non Anglophone students learning English in readiness to further their studies at the tertiary level in Ghanaian or in other English speaking universities

Communicative Activities (Speaking) :

Activities on fluency and interactive communication. A build up for a range of oral skills: interactional, social, transactional, negotiation, presentation, collaboration and general discussion (with much focus on professionalism in communication).

English

AS A FOREIGN LANGUAGE

(Short and long-term course)

Master your English skills: communicate accurately and fluently in interactional settings and position yourself in readiness for new opportunities.

- **The use of English** - Analysis and practice of tenses and structures (language focus) with more detailed explanation/ discussion clearly focused on task and understanding, attempting more complex language structures. vocabulary work with particular attention to situational word/ expressions and their associates (register).
- **Beginner ; General Intermediate ; Upper intermediate; Advanced**

Materials: Headway series (Advanced Oxford Learner's Dictionary or Advanced Cambridge Learner's Dictionary).

Maitriser vos compétences linguistiques en anglais: communiquez avec précision et aisance et préparez-vous pour des nouvelles opportunités.
