

# Restaurant space for rent at Alliance Française d'Accra

Would you like to rent a restaurant space at Alliance Française Accra ?  
If yes, kindly take note of the following requirements:

Concept :

- Located within the walls of Alliance Française, an institution noted for the teaching and promotion of French and Francophone culture, it is imperative that the available space is used solely for the purposes of a restaurant, bears a French name, has a bilingual menu (English / French) and offers some French dishes.

Clientele:

Our clientele base (courses and cultural activities) which is 90% Ghanaian must be able to find products adapted to their budget. We have about 900 different students who study at Alliance every week as well as the audience of our cultural activities during the weekend.

Respect for Alliance activities:

Activities of the restaurant or its bar should not disturb the educational and cultural activities (film screening, conferences, shows ...) of Alliance which are of priority. Moreover, since the restaurant will sell alcohol in a school, it is important to ensure the decency of the place.

Partnership : Alliance Française is open to partner with the restaurant operators. The restaurant is also suitable for dinner shows in collaboration with Alliance française Accra, for example jazz events around our small stage and should also propose prices for students ...

Rent: xxxx USD
